43 CFR 3600 – Mineral Materials

#### Free Use Permit Expired – Information Required

The UDOT Free Use Permit (FUP) for mineral materials, sand and gravel, expired on March 22, 2005. Free use of common-variety mineral materials, such as sand and gravel, is authorized for public agencies and non-profit organizations under 43 CFR §3600. The FUP site was located near Cat Canyon in sections 19 and 30 of Township 11 South, Range 14 West along the eastern edge of the Cricket Mountains, in Millard County, Utah. The Bureau of Land Management (BLM) case file number for your Free Use Permit is UTU-72857. Please refer to this number in future correspondence.

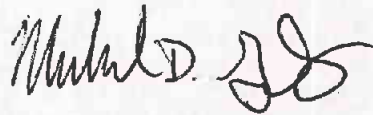

A member of the BLM Fillmore Field Office staff conducted a field inspection on April 18, 2012. There are small stockpiles at the site that has not been removed. However, the surface at the location has been adequately regraded, and surfaces except the stockpiles are now adequately covered with mature vegetation.

If you wish to continue use of sand and gravel from the site, then the case file must be renewed and documents must be prepared in compliance with the National Environmental Policy Act (NEPA). Annual production reports must also be filed. Please notify the BLM office in Fillmore, Utah of your intentions at:

Mr. Michael Gates  
Field Manager  
Fillmore Field Office  
Bureau of Land Management  
95 East 500 North  
Fillmore, UT 84631

If you have any questions, please contact Duane Bays, BLM Fillmore Field Office Natural Resource Specialist, at 435-743-3115, or Jerry Mansfield, BLM Fillmore Field Office Geologist, at 435-743-3125.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael D. Gates", followed by a stylized flourish.

Michael D. Gates  
Field Manager
